About us

Web Academy is proudly affiliated with OTWO DESIGNS, a renowned web design company in Calicut, Kerala, with a strong legacy in website and software development. We serve as a direct gateway to Kerala's thriving tech landscape.

Established in 2002, OTWO Designs has a stellar reputation for delivering efficient web and app solutions, with specialization in e-commerce, hosting, and database development, particularly in PHP/MySQL and DOT Net. Our head office is located in Calicut, and easily accessible from surrounding districts of Malappuram, Kannur, Thalassery, Trissur, and South Kerala.

At Web Academy, we bridge the gap between education and industry. As a branch of OTWO Designs, we foster a seamless collaboration between our team of experts and the academy's faculty. This synergy allows our students to work on cutting-edge industry projects, honing their skills in high-demand technologies.
